

Miss Marie Poppinz Children's Theatre is proud to offer an amazing theatrical program for children to learn the inside of theater. Miss Marie Poppinz Children's Theatre & Dance is a performing-arts program focused on giving children and young teens opportunities in theatre, dance, singing, and performance in a supportive, confidence-building environment.

Mary Poppins Jr Auditions is designed for students who want to experience the full production experience.

The play summary :

In Edwardian London, the Banks family is struggling: the children Jane and Michael are unruly, their nanny just quit, and their father, George, is too busy with work while their mother is distracted by social causes. A mysterious nanny named Mary Poppins arrives—floating gently from the sky with her umbrella—to take care of the children. With a mix of magic, music, and imagination, she leads Jane and Michael on whimsical adventures (including animated sequences), teaches them life lessons, and helps bring joy and closeness back to the whole family. Eventually, once the family is more united and loving, Mary leaves, flying away with her umbrella. Everyone gets a role! The audition process takes about a week for the director to cast everyone. The first rehearsal is where all who paid their first months tuition will receive their script.

Spring Production Calendar (February 2 - May 27)

New Parent/Student Meet & Greet - **February 3 via zoom**
